INTRODUCTION

Dear Students, Parents, Staff,

Welcome back to school and the 2018-19 school year! I hope everyone had a great summer! I am looking forward to working with the students at Superior Elementary School. The teachers, staff and myself are very excited for the upcoming school year! I enjoy working with elementary students at Superior Public Schools and I am looking forward to another great year!

Please take some time to look through our school handbook and go over procedural items with your student. The handbook is to be used by students, parents, and staff as a guide to the rules, regulations, and general information about Superior Elementary School. Students and parents are responsible for becoming familiar with the handbook. Parents are encouraged to use the handbook as a resource to help their child follow the rules contained in the handbook.

Information found in the handbook may be detailed and specific, however the handbook is not intended to cover every situation that may occur during the school year. The administration reserves the right to make decisions and rule revisions at any time to assure the well-being of all students. The administration is responsible for interpreting the rules in the handbook. If a situation arises that is not specifically covered in the handbook the administration will make a decision based on school district policies and state/federal regulations.

The Handbook Parent Acknowledgement Form sent home in your child's RED FOLDER should be returned to the office by: Monday, August 24, 2018. If you have any questions about the handbook please call me at school 879-3025 (ext. 125).
Once again, "WELCOME BACK!"

SECTION ONE ACADEMIC INFORMATION

Academics

Promotion and Retention of Students

The following are taken into consideration when deciding whether a student should be retained in lieu of promotion to the next grade.

1. The student's grades for the present year.
2. Regular attendance. Excessive absenteeism, even if excused, may be a basis for student retention.
3. The student's scores on the standardized achievement tests given in the spring.
4. What the student is capable of achieving.
5. The student's attitude and cooperation.
6. The student's actual age and physical size.
7. The parent's views are considered and parent's will be notified if retention is recommended.

If a student is recommended to be retained, a parent/teacher conference will be scheduled.

Report Cards

Following the end of each nine-week grading period, report cards will be given to students. **Students must have all fines and bills paid before receiving their report cards or having their online account reactivated.** The report cards are to be taken home.

Pupils entering school for the first time after the school year has started must be in school at least 4 ½ weeks prior to the date report cards are issued to be entitled to receive a report card.

Grading Scales

Grading in the Superior Elementary Schools will follow the guidelines below. Quarter and Semester grades will be given. The Homeroom teacher and the Resource teacher will work cooperatively to give special needs students grades that are appropriate for that student's ability and effort. Parents may be contacted concerning their student's performance.

Kindergarten: Each quarter the report card is marked with a different color. As skills are mastered, a check mark is given. A circle will be made around the appropriate letter and number as each skill is mastered.

Grades 1-2: The letter grades listed below will be used in all subject areas for grades 1-2

H	High Quality	97%-100%
S+	Above Average	90%-96%

S	Satisfactory	80%-89%
S-	Below Average	70%-79%
N	Needs Improvement	0%-69%

Grades 3-6: Percentage grades will be used in core curricular and related subject areas. Letter grades (H, S+, S, S-, N) will be given in Art, Handwriting, Band, Music, and Physical Education.

A+	98% - 100%	C+	82% - 84%	F	0%-69%
A	93% - 97%	C	77% - 81%		
B+	90% - 92%	D+	74% - 76%		
B	85% - 89%	D	70% - 73%		

Norm Referenced Achievement Tests (MAPS) and NSCAS State Testing

Norm-referenced achievement tests (MAPS) will be given to elementary students in grades 3-6 twice yearly. The purposes of these tests are to identify the achievement levels of students so that more appropriate instruction can be given to report yearly growth in achievement. The test results will be sent home to parents after testing sessions. **Nebraska Student Centered Assessment System (NSCAS)** testing will be given to all students in grades 3-8 in the areas of math and reading during the month of April each school year. Additionally, students in grades 5 & 8 will be given the **NSCAS** science test. All absences during testing periods should be avoided or kept to a minimum.

After School Sessions

Students who may have to stay after school will be allowed to telephone parents and advise them of the situation. Bus students who may have to stay will be given a 24-hour notice so that the parents may make plans to pick the student up the following night. We realize this could be an inconvenience to parents; however, the after school time is important and should still be reserved for any student who needs the after school time. **Students who are failing may be required by their teacher to stay after school until their grade is passing.** Teachers will utilize such times sparingly and for good reason. We ask your sincere cooperation for full effectiveness. After school sessions will not exceed 30 minutes from the time of dismissal.

Tutoring

It is expected that every effort will be made by the principal and teacher to help the student with difficulties at school before recommending that parents engage a tutor. The board believes that by maintaining a high-quality instructional staff and providing for a rich and varied curriculum the need for individual tutoring is minimized. The following rules relating to tutoring have been established:

1. A teacher may not arrange to tutor any student enrolled in his/her class for pay.
2. No tutoring for which a teacher receives a fee will be in a school building, without administrative approval.
3. Teachers who accept outside tutoring engagements make their own arrangements with parents for the fees assessed.

Homework

The average primary student will be doing his or her work at school. Primary teachers do encourage parents to listen to their children read and to go over addition and subtraction facts with them. Intermediate grade students may have some homework. No hard and fast rule concerning homework can be made. Some generally accepted guidelines should govern the teacher in the assignment of homework.

1. Homework should stem from real needs and the consideration of the total education background of the individual student.
2. Homework should serve a definite purpose; to provide drill or practice on a principle or skill already taught; to provide real- life application of the matter in hand; to develop appreciation for or knowledge of community resources; or to develop the personal culture of the student.
3. Homework should be reasonable in view of the student's situation. Health, housing conditions, outside work or responsibility, leisure time activity, and conflicting demands of home and school should not be allowed to become a frustrating and damaging combination for the student.
4. The teacher will check homework and mistakes will be marked. Teachers will indicate what work may be corrected and provide comments about work when possible.

Special Services

Remedial Reading and Math Programs may be available for those students who qualify. The programs may be offered in addition to the regular Reading/and or Math classes. Special Education classes are available to students who have been referred to our resource teacher and have a definite learning disability determined through extensive testing. Parents are required to give permission for this testing. Speech Therapy is also available for students.

In addition to the aforementioned services, Superior Elementary has access to services through ESU#9.

SECTION TWO BASIC SCHOOL RULES AND GENERAL PRACTICES

Accidents

A report is to be filed with the building principal of all accidents involving teachers and/or students. All accidents, including vehicular accidents, in which teachers are involved while performing services for the school district shall be immediately reported to the Superintendent.

Announcements and Bulletins

Periodically, school bulletins will be disseminated. These will be sent out one per family, with the oldest student provided a copy.

Annual Health Screening Information

An annual health screening of students will be completed by the school nurse. This includes a measure of height and weight, oral screening for severe cavities and deformities, observation of and personal instruction on cleanliness. Grades K-6, 8, 10, and new students are given a farsighted vision screening and hearing screening. Kindergarten students will do a color vision test. Other students may be screened when a staff member or parent requests. Parents will be notified if their student does not pass the screening checks. Significant health information will be shared with appropriate staff.

Blood pressure screening is routinely done for grades 3,5,8,10 and 12. The nurse will also take BP readings on students as they request and as time permits. The nurse uses pediatric equipment for the appropriate ages and size of the child. The BP readings are compared to the percentile at risk chart established by the American Academy of Pediatrics. Any reading in the 90th percentile or above will be rechecked twice. If the BP continues in the 90th percentile or above, a note will be sent to the parents.

Scoliosis is a side-to-side curvature of the spine and early diagnosis is essential to allow for simple treatment. Treatment delayed beyond the growth years may limit their physical abilities. Progressive scoliosis will cause serious health complications later on if not treated. Parents will be notified if their child has any symptoms of a possible curvature. A diagnostic evaluation is recommended by the physician of your choice, and may involve a series of exams through the rapid growth years. Grade 5 is screened for scoliosis.

Health screenings will be conducted according to the DHHS Rules and regulations. If any parent wishes to object to any routine school screening of their student, they need to send a written statement within one week. However, parents are advised that they may be required to provide a medical exam report in place of allowing a health screening.

Asthma/Anaphylaxis Protocol and Procedures

As required by law, the school is ready to implement an emergency treatment plan anytime a student or staff member experiences a life threatening asthma attack or systemic allergic reaction. This plan is known as a protocol.

The protocol requires that 911 is called first. After that call is made, an EpiPen injection will be given. Then, albuterol is provided through a nebulizer. An EpiPen is a small pre-filled, automatic injection device that resembles a highlighter, which is used to deliver epinephrine. Epinephrine is a medication that is used to bring quick relief by improving breathing and lung function. Albuterol is another medication that is used to bring breathing relief. Albuterol is commonly found in metered-dose inhalers. The nebulizer is a machine that mixes the albuterol with air to provide a fine mist (aerosol) for breathing in through a mask or mouthpiece.

The protocol steps are designed to provide quick, effective care in order to prevent death from occurring due to a severe asthma attack or anaphylaxis. Staff members have been trained to recognize signs and symptoms of a life-threatening “breathing” emergency and to properly administer the medications. The protocol is a standing medical order that has been signed by Dr. Blecha.

If you know that your student has asthma or a known allergy, it is critically important that you communicate this information to our school staff. You may contact the school office or nurse. **For each student with a known allergic condition or asthma, you must provide the school with (1) written medical documentation, (2) instructions, and (3) medications as directed by a physician.** In the event that your student experiences a life threatening asthma attack or systemic allergic reaction, we will defer to the specific document and medication that you have provided. If you do not have medical documentation and instructions on file with the school for your student, we will defer to the regulatory protocol described above. If, for whatever reason, you do not want your student to receive the lifesaving emergency treatment under the protocol, you must file your written objection with the school. If you have questions or concerns about the protocol or your student’s health issues, please contact the school office or nurse 879-3025.

Attendance

Attendance Philosophy

The philosophy of Superior Schools is that student attendance is necessary for the proper education of the youth. Thus, regular attendance strengthens the student’s educational growth and well-being. Students cannot contribute to, or gain from, the discussions in class unless they are in attendance.

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a

public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when temporary illness or severe weather conditions make attendance impossible or impracticable.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility

includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences and Make-Up Privileges

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Death or serious illness of the student's family member
3. Attending a funeral, wedding, or graduation.
4. Observance of religious holidays of the student's own faith.
5. Personal or family vacations.
6. Medical appointments for the student.
7. Severe weather.
8. Appearance at court or for other legal matters.
9. Absences excused at the discretion of the Building Principal.

In order to ensure an absence is excused, and make-up privileges granted, the student must:

1. Have their parent/legal guardian call the office requesting an excused absence prior to the day of the absence.
2. In cases of student illness, **the office must be notified between 8:00-9:00 A.M. of the morning the student is absent due to illness.**

Participation in a school-sponsored activity is **not** considered an absence from school. Students should contact teachers for make-up work prior to leaving for the activity.

Students who, after being in attendance at school, find he/she must leave school, must obtain permission from the principal in order to earn an excused absence and make-up privileges.

If, for some reason, it is impossible to notify the office prior to a student's absence, the parents may request a meeting with the principal in order to present reasons why the office was not notified pursuant to this policy. If the reasons are acceptable, make-up privileges will be granted to the student.

Parents who know in advance that a student will be absent must call the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Make-up Work

Students with excused absences, as defined above, will have **two (2) days** for each day absent to make up the assignments missed due to the excused absence. For example, a student with two consecutive days of excused absence will have four (4) days to make up work for all classes, starting with the day they return to school.

Upon their return to school, students must contact all teachers to determine what make-up work must be completed.

Unexcused Absences

All other absences are unexcused unless the student was given prior approval by the principal. Students may not be permitted to make-up work missed due to an unexcused absence. For each assignment missed due to an unexcused absence, the student may receive a grade of zero (0) which will be averaged with the other grades for that grading period.

Excessive Absenteeism

A student may miss a total of **five (5) days per quarter**. This number is inclusive of both excused and unexcused absences; however, absences resulting from the participation in school activities do not count towards the limit of five. An absence that would place the student above the limit of five and is due to a funeral may be granted at the discretion of the Administration. Students absent due to a funeral should make arrangements with the Administration prior to the absence if possible.

Parents of students who miss more than five (5) days per quarter will be notified in writing and will be scheduled to meet with the Principal to discuss the attendance problem. **A report may be filed with the County Attorney if the parent/guardian refuses to meet with the administration and the attendance problem continues.** In the event of repeated violations of the attendance laws, no written notice shall be required and a complaint may be filed at once.

Make-Up Time

Each case of excessive absenteeism will be judged based on its own merits. Unless extenuating circumstances exist, the student exhibiting excessive absenteeism will be required to make up time in the office . **This period of time will be 3:30-4:00 P.M. for a period of five days for each absence in excess of the 10 permitted per semester.** Failure to serve make-up time may result in an in-school suspension. All make-up time must be completed outside of the regular school day. Students not completing the necessary make-up time by the designated due date will not receive credit for the semester.

Start of School Day

Students are expected to arrive at school no earlier than 15 to 20 minutes prior to the first class or school program in which they are participating. **Prior to that time, the school is not responsible for the supervision of students.**

Students will be dismissed at the end of the last period of the school day, unless other circumstances dictate otherwise (early dismissal, detention, etc.). Unless participating in a school sponsored activity, upon dismissal students must leave the school grounds and proceed home or to a previously designated location. **The school is not responsible for supervision of students once the students are to have left school grounds.**

Students who are tardy either at the beginning of the school day or to any class period during the day must report to the office for a tardy slip. The office will determine whether the tardy is excused or unexcused.

Tardiness

Habitual tardiness will result in a penalty for the student.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper's office. Any check for these payments should be made out to Superior Public Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$25 for any check returned from the bank for insufficient funds. Report cards will not be delivered until all due bills have been paid.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

Book Bags

Book bags will not be allowed in classrooms or hallways during the school day. Students may use book bags to carry books to and from school, but the book bags should be stored in their locker during the school day. This guideline is in place for the safety of students, teachers, and staff.

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students may supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Breakfast and Lunch Periods

Students living in town and eating breakfast at school must be transported by parents to breakfast. There is **no** shuttle bus to breakfast. Parent should drop off breakfast students at the main entrance of the Jr./Sr. High School. This entrance is located by the flagpole on the north side of the building. Students eating breakfast at school should be dropped off between 7:50 A.M. and 8:05 A.M. Students will walk directly into the cafeteria for breakfast. Students may bring their own breakfast or use the regular breakfast menu.

Students may not to leave the building without permission from the administration. The campus is closed for all students. Students will not leave the school grounds during the lunch period. Students may bring their own breakfast/lunch or use the regular school menu. No pop, candy, or commercial foods can be brought to the school or purchased from the vending machines a half hour before and after the scheduled breakfast/lunch periods.

Students who bring their own lunch may purchase milk to go with their lunch. Pop should not be brought to school in sack lunches. Parents are always welcome to eat with their students at school, simply let the school know in advance by calling the office. Students may be allowed to eat at home on some occasions with written permission from their parent and approval from the building principal.

Bulletin Boards

Posters or fliers must be approved by the principal's office before being placed on bulletin boards or walls. Students who obtain permission to place posters are responsible for removing them at the conclusion of their importance.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as "any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated." Nebraska statute defines bullying as "an ongoing pattern of physical, verbal or electronic abuse." The District's administrators are authorized to use both of these definitions to determine whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors. The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Any parent who wants to pick up a child during the school day, no matter what the purpose, must come to the school office to do so. We reserve the right **not** to release the child to anyone other than the custodial parent. In cases of doubt, we phone the custodial parent to confirm that someone else is authorized to pick up the child.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a “best practice” guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child’s health condition or if you know your child has contracted a contagious or communicable disease or condition, please call Megan McMeen (school nurse) 879-3257 ext. 201 or Doug Hoins (Elementary Principal) 879-3025 ext 125.

In order to return to school after a communicable or infectious disease, the student must be suitably healthy and no longer be contagious. The following standards reflect general guidance in regards to various infections:

Chicken pox	After all lesions are scabbed over and dry
Conjunctivitis (Pink Eye)	After there is no discharge, or redness and eye is comfortable. Consulting with a doctor is encouraged.
Enteriobiasis (Pinworms)	After treatment is given. Essential to practice good hand washing.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. Student Expectations in the Use of the Internet

A. Acceptable Use

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection

measure for the student to access a site with legitimate educational value that is wrongly blocked.

4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;
 - b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
 - d. Other discipline as school administration and the school board deem appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

B. Education About Appropriate On-Line Behavior

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
2. Staff will specifically educate students on
 - a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
 - b. cyberbullying awareness and response.
3. The School District's technology coordinator shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts

do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below:

A preponderance of the evidence will be required to discipline a party accused of misconduct. This means that the investigator must conclude that it is more likely than not that misconduct occurred.

Complaint and Appeal Process

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant believes speaking directly to the person would subject complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:
 - a) Determine whether the complainant has discussed the matter with the staff member involved.

- 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution, which the complainant seeks.
 - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
4. If either the complainant or the accused party is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint, he or she may appeal the decision to the superintendent.
- a) This appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
 - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received complainant's written appeal.

5. If either the complainant or the accused party is not satisfied with the superintendent's decision regarding a complaint, he or she may appeal the decision to the board.
 - a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
 - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
 - a) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.

- d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Complaints filed (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissal made pursuant to this section.

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences mid-point of the first quarter and midpoint of the third quarter. When the teachers and the principal deem them necessary, additional conferences will be scheduled with parents on a case-by-case basis.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Contact Information

Parents must supply the school with their student's address and telephone number as well as information about how to reach a responsible adult during the school day. Students will be sent home with an emergency contact form at the beginning of the school year or when they register for classes. The purpose of this contact form is to provide the aforementioned information and to ensure the school maintains accurate contact information that may be used in the event of an emergency. Parents must promptly inform the school if this contact information changes during the school year.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Dating Violence

Dating violence, as that term is defined by Nebraska law, will not be tolerated by the school district. Dating violence training shall be provided to staff deemed appropriate by the administration and in accordance with Nebraska Law.

Discrimination and Harassment

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with a student's school performance, or (3) otherwise adversely affects a student's school opportunities. Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability

should contact the following Section 504 Coordinator: Doug Hoins, Principal at (402-879-3025 ext. 125), dhoins@superiorwildcats.org or in person at school. Students who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: **Marty Kobza**, Supt. at Superior Public Schools (402-879-3257 ext. 127), mkobza@superiorwildcats.org or in person at school. Students who believe that they have been the subject of any other unlawful discrimination or harassment should contact Doug Hoins, Elementary Principal at Superior Elementary School (402-879-3025 ext 125), dhoins@superiorwildcats.org or in person at school. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

Dress and Appearance

The dress of students attending the Superior Public School District is the responsibility of parents. Inappropriate dress by students is dress that interferes with the educational process of the school.

All students are expected to take pride in their personal appearance. Students should be clean, neat, and dressed in proper clothing to conform to educational standards. The attire should not disrupt the educational process or constitute a possible threat to the safety and health of the student or his peers. Decency and modesty should prevail. By regulation, the administration may establish specific attire that is prohibited.

The following are examples of unacceptable school attire:

1. Tank tops or tops that do not have straps that are at least two (2) inches in width.
2. Clothing that does not properly and adequately cover the student's body. For example, bare midriff clothing, extremely tight shorts, shorts that expose the buttocks, etc.
3. Pants or shorts worn below the waist.
4. Exposed undergarments such as sports bras, underwear, etc.
5. Jewelry (necklaces, rings, bracelets, etc.) that may pose a safety hazard.
6. Headwear, such as caps/hats/bandanas in school buildings during the school day.
7. Attire that advertises, promotes, or makes reference to drugs, alcohol, violence, tobacco, profanity, or sexual acts.
8. **Flip flops or thong sandals.**

The school dress code will be in effect during the school hours and during school activities unless students are given permission by the principal to wear something different. The Principal or Superintendent will have authority to make the final decision regarding the appropriateness of attire and grooming.

Students who violate dress code guidelines will be required to correct the violation by changing into something appropriate at school or returning home to change. A detention or suspension may be given to make up the time away from school. Students will also receive zeros for any assignments they miss while correcting the violation. Continual violations of the dress code will result in disciplinary action up to suspension and expulsion.

Drug Free Schools

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Any student who violates any school policy regarding drug, alcohol and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

Fire Drills and Emergency Exits

As required by law, fire drills will be held at regular intervals. Fire drills are important and are to be treated seriously. Specific instructions for evacuation of the building for a fire drill will be given on the first day of school. Students will leave the room immediately on when the fire alarm sounds. Conversation should be kept at a minimum and lines should be kept well organized and moving rapidly. The first student out of a door should step aside and hold the door open for those that follow. The same procedure is used in case of a bomb threat.

Food and Drink Regulations

The classroom is meant to be an academic environment. Food, candy, and drink items are not to be taken into the classroom. Food and drink containers cannot be taken to the lockers. The vending machines will be turned off from 8:00 A.M. to 3:00 P.M. during the school day. The juice machines will remain on the entire school day.

Food Service Program

The Superior Public Schools participate in USDA's National School Lunch Program and offer a complete hot lunch program. Prices for lunch meals shall be determined by the Board of Education. **Pursuant to Superior Board Policy, students may NOT charge lunches.** Students will be notified of their lunch status the last day of the week so meals can be taken care of early Monday morning. "Blue sheets" will be sent home with elementary students in their red folders when their lunch account or snack milk balance reaches five (5) lunches/milks or lower.

Breakfast

The school will serve breakfast daily from 7:50 a.m. until 8:15 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges students \$1.35 and adults \$2.00 for breakfast.

Lunch

Lunch prices depend on the federal funding that the program receives. Lunch for K-4 is \$2.50. Lunch for 5-12 lunch is \$2.75 for students and **\$3.50** for adults.

Kindergarten Snack Milk

The school will offer a snack milk program to students in kindergarten Monday through Thursday. All milk served to a student (except the initial carton served with lunch) will cost \$0.45 per half pint. **This snack milk is not part of the Free & Reduced Lunch Program.** The price for milk may change during the school year. Milk will be served in the afternoon. Teachers will record the number of cartons of milk each child consumes and give the information to the office at the end of the month where it will be added to the family account.

Payment for Meals

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a **family account** has no funds available to pay for a meal, the **family account** will be permitted to charge up to ten meals. Thereafter, if the **family account** has no funds available to pay for a meal, no food will be provided.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

Notice of Non-discrimination

In accordance with federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, disability, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

First-Aid

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

Fundraising

No school or community fundraising activities will be sponsored without the consent of the administration.

Gifts

Students and their parents are discouraged from the routine presentation of gifts to district employees. This provision is not to be interpreted as discouraging acts of generosity in unusual circumstances.

Head Lice

Students found to have live head lice or louse eggs will not be permitted at school and will be sent home. Upon discovering the presence of any indication of lice or louse eggs the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice or eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is **Marty Kobza**, Supt., who may be contacted at 402-879-3257 ext. 127.

Illness or Injury at school

The school district will contact parents if a student becomes ill at school. Students becoming ill at school must report to the principal's office to obtain a pass and transportation home. **Under no circumstances is a student to simply leave school.**

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Immunizations

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history.

Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records. A summary of the School Immunization Rules and Regulations are available upon request.

Provisional Enrollment. Students who meet the statutory requirements for provisional enrollment shall be allowed to attend school for sixty days without the necessary immunizations.

Students who are excepted from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Kindergarten Round-Up

In February, all prospective kindergarten students may be registered for the fall term during Kindergarten Round-up. Children who will be **five** years of age on or before July 31st may be registered for the fall term during kindergarten round-up. Students who turn age six before January 1 of the upcoming school year **must** enroll for kindergarten. The student's birth certificate is to be presented at this time.

Library Media Center

Students are encouraged to check out materials from the library, provided they return them on time. The media center will assess fees for overdue, damaged, or lost materials, books, or equipment.

Lost and Found

All lost and found articles are to be taken to the office of the principal. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication. (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, the medication

name and dosage, and directions for administering the medication. Only the amount needed at school is to be sent.

Title I Parent and Family Engagement Policy

Superior Public Schools intends to follow the Title I Parent and Family Engagement Policy guidelines in accordance with federal law, Section 1116(a-f) ESSA, (Every Student Succeeds Act) of 2015.

In General

The written District parent and family engagement policy has been developed jointly with, updated periodically and districted to parents and family members of participating children and the local community in an understandable and uniform format. This policy agreed on by such parents describes the means for carrying out the requirements as listed below.

- Parents and family members of all student are welcomed and encouraged to become involved with their child's school and education; this include parents and family members that have limited English proficiency, limited literacy, are economically disadvantaged, have disabilities, racial or ethnic minority back ground or are migratory children. Information related to school and parent programs, meetings, school reports and other activities are sent to parents of participating children in a format, and to the extent practicable, in a language the parents can understand.

- Parents are involved in the planning, review, evaluation and improvement of the Title I program, Parent and Family Engagement Policy and the School-Parent Compact at an annual parent meeting scheduled at a convenient time. This would include the planning and implementation of effective parent and family involvement activities.

- Conduct, with meaningful parents and family involvement, an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy. Use the evaluation finds to design evidence-based strategies for more effective parental involvement, and to revise the Parent and Family Engagement Policy

- Opportunities are provided for parents and family members to participate in decisions related to the education of their child/children. The school and local education agency shall provide other reasonable support for parental involvement activities.

- Parents of participating children will be provided timely information about programs under this part, a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards. The school will provide assistance, opportunities, and/or materials and training to help parents work with their children to improve their children's academic achievement in a format, and when feasible, in a language the parents and family members can understand.

- Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parent, how to reach out to, communicate with and work with parents as equal partners.

- Coordinate and integrate parental involvement programs and activities with other Federal, State and local programs, including preschool programs that encourage and support parents in more fully participating in the education of their children.

Participation in P.E., Art, Music, Band, and Outdoor Activities

Students may be excused from participation in a specialist's class or outdoor activities. However, the student is required to attend the class with his/her classmates. Parents who do not want their children to play outdoors or participate in the specialist's class must send a written request to school. Non-participation for more than three (3) days will require a doctor's written statement. The Specialist for the activity missed will make alternative assignments to be completed by the student. Requests for non-participation should be limited.

Parents should notify principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Parties

Elementary classes may have seasonal parties during the year. Recognized room parties include those held for Fall/Harvest, Christmas, and Valentine's Day. The Fall/Harvest party is held in place of a Halloween party, and students are **not** allowed to wear costumes or dress up. Party treats are usually furnished by student's parents, but may be provided by the teacher. **The school wellness committee does not recommend bringing treats with minimal nutritional value.** Treats are not allowed for any other purposes, aside from when a teacher gives permission for birthday treats to be brought.

Room parties are not to exceed one (1) hour in length and should be well organized. Room party activities must be approved by the classroom teacher. Any additional parties must receive prior approval from the Principal.

Pedestrian and Bicycle Safety

Pedestrian Safety

Parents are encouraged to plan with their child the shortest and safest route to school. Students should cross streets using the proper crosswalks. Parents should instruct their children to cross at corners or areas where school crossing signs are erected.

If students are transported by motor vehicle to school, children should be instructed to enter and leave the vehicle from the curbside. This prevents children from darting across streets or between parked cars. Students being picked up by motor vehicles must be met on the **north** side of the elementary school building or on Paw Print Road on the **south** side of the building.

The school has a safety patrol crossing guards that will direct students across streets. Students are not to cross the streets onto the school grounds without the direction of a crosswalk guard. While waiting for the crosswalk guard, students are to stand well away from the curb.

Bicycle Safety

Students riding bicycles in an inappropriate or unsafe manner present hazards to motorists, pedestrians, bike riders, and themselves. **Parents should discuss bicycle safety with their children before allowing them to ride their bicycles to school.** Students should 'walk' their bicycle across all marked crosswalks on school property. All bicycles are to be placed in the bike racks provided at the elementary building.

Pets

Students are responsible for obtaining specific approval and pre-arranging with their teacher before pets may be brought to school. Pets may only be brought to school according to the following guidelines:

1. Pets will be: a) brought by parents; b) taken home with parents; c) may only stay at school with consent from the building principal.
2. Animals will be confined in suitable cages.
3. Snakes, insects, and spiders will be kept in proper containers.
4. Students will not handle squirrels, bats, owls, skunks, or monkeys because of the danger of rabies.
5. Cages will be cleaned daily including the removal of surplus food, excreta, and soiled bedding.
6. Students will not be permitted to observe a creature suffer through neglect or improper treatment.

In the case of an animal bite, the student's parents and the school nurse will be notified.

Personal Items

The school provides the necessary equipment for classroom and school day activities. Students should not bring items such as athletic equipment, electronic devices, toys, or

other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for theft, loss or damage to personal items or equipment.

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Students are not required to wear P.E. uniforms, but are encouraged to wear tennis shoes for P.E. Elementary students will keep their "P.E." shoes in their lockers during the school year.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures. Parents will be notified of the date. Purchase will be optional and information will be sent home regarding costs. Payment is required when the picture is taken.

Students must follow these rules to keep the playground safe:

10. Students may not slide on the sidewalks, ice, or gravel.
11. Students must use the playground equipment properly and in a safe manner.
12. Students must play away from the building and may not congregate near the doors.
13. All playground equipment must come from the school; no personal equipment is to be brought from home.
14. Students may not stand on, or jump from, swings.
15. No balls are allowed around the equipment, except basketballs in the basketball court and Four Square Balls on the cement. All other balls are to be used in the grass area on the softball field, and will not be permitted in the playground area.
16. When the entry bell rings, students must enter the building in a quiet, clean, and respectful manner.
17. Students are to enter the building through the assigned doors.
18. Students may not leave the playground after they have arrived at school for the day.

Students who violate these rules will be disciplined with the loss of recess or other privileges, detention, and/or other consequences.

School staff supervise the playground when it is in use during school hours. However, it is not supervised after school, and students should not play on the equipment without adult supervision.

Police Questioning and Apprehension

Law enforcement officers and any officer of the court are encouraged to contact students of the Superior Public School District after school hours whenever possible. In the event it is necessary for such officers to have a conference with a student for the Superior Public School district, an administrator or his designee shall contact the student's parents or guardians and inform them of the conference. If the parent or guardian of such student cannot be contacted or the parent or guardian is unable to be present during the conference between the law enforcement officer and the student, the conference shall not be held during the school hours or school property unless the officer is in pursuit of a student or has a warrant for a student's arrest. Students at risk, i.e., suspected of child abuse or neglect, deemed such by the administration, may conference with representatives of the Nebraska Department of Health and Human Services or law enforcement officers without prior knowledge of the parent or guardians.

Private Party Invitations

Party invitations should not be distributed in the classroom or at school unless **every** child receives an invitation.

The following items are prohibited from being brought to school. Parents must ensure their children are not bringing any of the following items.

1. Toys, including electronic games.
2. Sports equipment.
3. Candy, gum, or other food not part of the student's lunch.
4. Pop and candy should not be brought in a sack lunch.
5. Pets.
6. Unnecessary money.
7. Radios, tape recorders, and cameras.
8. Weapons.
9. Skateboards or roller skates.
10. Laser pointers

Protection of Student Rights

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA). The policy is available on the district's website or upon request from the district's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the superintendent. The approximate dates during the school year when a survey requesting personal information as defined in the Protection of Pupil Rights policy is scheduled are as follows: During the month of August of the current school year. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the superintendent.

Public Displays of Affection

Students may not engage in public displays of affection that are disruptive to the school environment or distracting to others. Prohibited conduct includes hugging, kissing, touching, or any other display of affection that a staff member determines to be inappropriate.

Required Documents for Student Admission

1. A certified copy of the student's **birth certificate** issued by the state in which the child was born is required prior to admission of a child for the first time. Other reliable proof of the child's identity and age, accompanied by an affidavit explaining the inability to produce a copy of the birth certificate, may be used in lieu of a birth certificate. An affidavit is defined as a notarized statement by any individual who can verify the reason a copy of the birth certificate cannot be produced.
2. Evidence of a **physical examination** by a physician, physician assistant, or an advanced practice registered nurse. The examination must have taken place within six months prior to the entrance of the child into the beginner grade and the seventh grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a physical examination.
3. Evidence of a **visual evaluation** by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist. The evaluation must have taken place within six months prior to the entrance of the child into the beginner grade or, in the case of a transfer from out of state, to any other grade, unless the parent or legal guardian submits a written statement objecting to a visual evaluation. The visual evaluation is to consist of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity.
4. Evidence of protection against diphtheria, tetanus, pertussis, polio, measles, mumps, and rubella, Hepatitis B, Varicella (chicken pox) and Haemophilus Influenza type b (Hib) and other diseases as required by applicable law, by immunization, prior to enrollment. Exceptions are allowed based on:
 - a. Written statement by health care provider that immunization would be injurious to the student or a family member; or
 - b. Affidavit of a religious reason for non-immunization.

Provisional enrollment is allowed based on a written statement of health care provider that immunizations have begun, and immunization is continued as rapidly as medically feasible or a written statement of parent guardian that immunizations have been completed, where the child's parent is in the military, the child is enrolling following residence outside the state, and proof of immunization is given within 60 days. Refer to HHS regulations, 173 NAC 3. Forms to submit objections are available from the school.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term “custodial parent” refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents’ behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

For musical extracurricular activities, the school district will require students to provide the following equipment and/or attire:

- Band Students must provide their own instruments and marching band shoes, plus a suggested \$10 uniform cleaning fee.

13. Contributions for Class Extracurricular Activities. Students are eligible to participate in a number of unique extracurricular activities during their years in high school, including prom, various recognition's dances, class trips, and graduation. In order to fund these extracurricular activities, the school district will ask each student to make a contribution to their class's fund. The suggested donation to the class fund will be \$5 to \$100.

Waiver Policy.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Students are not required to participate in the free or reduced-price lunch program to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of

equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal.

Voluntary Contributions to Defray Costs.

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians, and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents and patrons.

Student Fee Fund

The school board established a Student Fee Fund. The Student Fee Fund is a separate school district fund that will not be funded by tax revenue, and that will serve as a depository for all monies collected from students for (1) participation in extracurricular activities, (2) post-secondary education costs, and (3) summer school or night courses. Monies in the Student Fee Fund shall be expended only for the purposes for which they were collected from students.

Student Pick-Up

Parents picking up elementary students should do so in the parking lot on the **north** side of the new elementary building or on Paw Print Road on the **south** side of the building.

Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

Name and grade, **name of parent and/or guardian**, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of student in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, weight and height of members of athletic teams, most recent previous school attended, certain

class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district that they do not want this information disclosed without prior written parental consent.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district **no later than the last Friday in August of the current school year.**

Non-Directory Information

All of the other personally identifiable information about students that is contained in this school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational

interest” if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.dc

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Maintenance and Destruction

All files or records shall be maintained so as to separate academic and disciplinary matters, and all disciplinary materials shall be removed and destroyed upon the pupil’s graduation or after his/her continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to law.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Student Transfer or Withdrawal

Students withdrawing or transferring to another school must inform the building principal. The administration will give necessary suggestions for a successful transfer. Grades may be withheld pending payment of all school debts and obligations. Complete cumulative records are transferred through the administrator’s office on request from the new school’s administration.

Telephone Calls

The school’s telephone may be used only with permission of staff. However, use of school phones by students should be as limited as possible. Parents should not plan to use the school phones to contact students about pick-ups or visits to the homes of other students. Parents may call the school and leave a message with the office that will be given to the students between classes or during their study time. When it is necessary for a student to use the school telephone, they will be allowed to do so when the telephone is not otherwise in use.

Students who need to use their cell phones to make a phone call need to report to the office to place their call. Students need to have approval from the administration before using their cell phones during school hours.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Obligation to Report threatening Statements or Behaviors.

All staff and students must report any threatening statements or behavior to a member of the administration. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

2. Threat Assessment Team

The threat assessment team (team) shall consist of the superintendent of schools, and building principal(s). Law enforcement will be involved as needed. The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response.

3. Threat Assessment Investigation and Response

All reports of violent, threatening, stalking or other behavior or statements which could be interpreted as posing a threat to school safety will immediately be forwarded to a member of the team. Upon receipt of an initial report of any threat, the team will take steps to verify the information, make an initial assessment, and document any decision involving further action. This investigation may include interviews with the person who made the statement(s) or engaged in the behavior of concern, interviews with teachers and other staff members who may have information about the individual of concern, interviews with the target(s) of the threatening statements or behavior, interviews of family members, physical searches of the individual of concern's person, possessions, and home (as allowed by law and in cooperation with law enforcement), and any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

4. Communication with the Public about Reported Threats

To the extent possible, the team will keep members of the school community informed about possible threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, and communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence if that individual is a minor.

Tornado Drill Procedures

The school intercom system will notify classrooms of tornado drills. PreK-6 teachers are to move their students to the designated tornado shelter. Students will put their arms over their ears, hands on top of their heads, and assume a kneeling position towards the wall.

In the event of a tornado warning, students will remain at school until the danger passes. If tornado sirens go off, teachers will move students to the designated tornado shelter. Parents will not be able to pick students up at such time.

Transportation Services

The district operates school buses as a convenience for students and parents. These buses operate for the transportation of students living outside the city limits of Superior and who attend Superior Public Schools. They represent a substantial investment, and students are expected to care for and respect them. The bus stop is located on the **east** side of the elementary building. This loading area is reserved for buses only during the afternoon.

Questions concerning scheduling and routes of buses should be directed to the Bus Supervisor (402-879-3257 ext. 204). Problems on the bus should be directed to the particular bus driver and bus supervisor.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. .

Bus Regulations

Students who are passengers in school buses are to abide by the same rules that apply to classroom conduct. The bus drivers have the same authority as teachers while transporting students. If a student misbehaves on the bus, the driver is expected to report the incident to the administration. If misconduct reoccurs, the student will not be allowed to ride the bus.

Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student

code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) **Rules of Conduct on School Vehicles:**

20) All students riding to an elementary school function on the bus will return on the bus. The only exception will be when a parent or guardian personally requests permission to take their son or daughter home.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

d) **Procedures Concerning Regular Bus Routes**

- 1) Requests to be dropped off at a point not on the regular route will not be accommodated unless extenuating circumstances arise and the request is approved by the transportation director or administration.
- 2) Students who are not regular route riders may not ride the bus home with a friend unless written permission is presented to the bus driver ahead of time by the parent of the non-route rider. The written permission should include the non-route rider's name, the date, the signature of the non-rider's parent, and the place approved for drop off.
- 3) Non-route riders requests may not be granted if it causes overcrowding of the vans or buses (vans have a 10-rider plus driver maximum occupancy).
- 4) Students not following bus rules may not be allowed to use bus services.

P.M. Shuttle Bus Information

The shuttle buses drop off elementary students at the Northward bus barn area and the City Park. There is no morning shuttle bus service. Drop-off time after school is 3:45 P.M. All times may be adjusted as needed. Students not following bus-riding rules may not be allowed to use the shuttle bus service. Only elementary students will be allowed to use the P.M. shuttle bus. Jr./Sr. high students who do not have an elementary sibling will **not** be permitted to ride the shuttle bus.

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor which has been signed by that student's parent.

Video Surveillance and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on Superior Public Schools District 0011 property. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Unless otherwise authorized by board policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. For example, students making recordings of an athletic event for their personal use similar to a parent or other patron are permitted, but students are still subject to the district's appropriate use and student discipline policies. An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan. In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Visits to the School

The board and staff of the school district welcome members of the community and other interested persons to visit the school. **All visitors must report to the office.** Students wishing to bring a visitor must have approval from the principal or classroom teacher at **least 48 hours (2 days) prior to the visit.** The following stipulations shall also apply to visitors other than parents/guardians:

1. No visits during the first four (4) weeks of the school year.
2. Visits during the last three (3) weeks of the school year are not advisable.
3. Visiting students must be enrolled in another school district.
4. Visiting students in pre-school, kindergarten, first, or second grade **must** be accompanied by parents or an adult.
5. Visiting students in grades 3, 4, 5, and 6 may visit relatives or friends by permission from the building principal.
6. Visits should be kept to two (2) hours in length.
7. Each visitor will be given a visitor's pass that must be worn at all times.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow or ice. **School closings will be announced via radio on KRFS. Closing information will also be made available via television on NBC Nebraska Channel 4, KOLN/KGIN Channels 9/10, and NTV channel 13. Text messaging and/or email notification is also available. Please contact the school if you are interested in getting signed up for the text messaging and/or email program. An automated calling service will also be utilized for notifications.**

Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

SECTION THREE

STUDENT DISCIPLINE

STUDENT DISCIPLINE

General Discipline Philosophy

The school has the authority and responsibility to regulate student conduct on school property, in school vehicles, during school related activities away from school and while students are traveling to and from school. The Board of Education, any school district employee, or any designated agent of the school district has the responsibility and authority to regulate student conduct and impose disciplinary sanctions. Sanctions which may be imposed for violating school regulations shall include, but are not limited to, conferences, detention, restriction from activities, administrative suspension, and/or expulsion. Sanctions shall be reasonable and consistently applied for the violation and the student involved, and imposed with a consideration for the student's rights to an education and due process of law.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who may have to stay after school will be allowed to telephone parents and advise them of the situation. Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day. We realize this could be an inconvenience to parents, however, the after-school time is important and should be reserved for all students who need it. Teachers will utilize such times sparingly and for good reason. We ask your sincere cooperation for full effectiveness.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions are 30 minutes, served in the central office.

After a student receives a third detention in the school year the student will receive a one (1) day in-school suspension. Parents will be notified by phone or mail of the suspension and the student will be allowed to return to classes after the suspension.

After a student receives a sixth detention, a one (1) day out-of-school suspension **or** a one (1) day parent/guardian supervised suspension. A conference involving the student, teacher, parents, and administrator intended to develop a behavior plan will be required before the student is allowed to return to classes. Students who receive multiple detentions in on semester will face escalating consequences up to and including possible suspension or expulsion

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Short-Term Suspension

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he/she is accused of having done, an explanation of the evidence the authorities have, and an opportunity to explain his/her version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal will send a written statement to the student and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.
4. Students who are short-term suspended will be given the opportunity to complete class work, including but not limited to examinations, under the following conditions outlined by the principal at the time of the suspension.

Weapons and/or Firearms

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

Meaning of Expulsion. Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.

Alternative School or Pre-expulsion Procedures. The school shall either provide an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in Neb. Rev. Stat. 79-266.

Expulsion for Causing Personal Injury or for Possessing a Dangerous Weapon Other than a Firearm

If a student is expelled for the use of force, or causing or attempting to cause personal injury to another individual, or for knowingly and intentionally possessing or transmitting a dangerous weapon other than a firearm, the expulsion shall be for a period not to exceed the remainder of the school year in which it took effect if the misconduct occurs during the first semester. If the expulsion takes place during the second semester, the expulsion may remain in effect for the first semester of the following year.

Automatic Review of Expulsions Which Continue During the First Semester of the Following Year

Any expulsion that will remain in effect during the first semester of the following school year shall be automatically scheduled for review and shall be reviewed by the Hearing Examiner before the beginning of the school year. The review shall take place after the Hearing Examiner has given notice of the review to the student and the student's parent or guardian. The review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. If there is no such evidence, the Hearing Examiner need not provide a hearing in order to complete his or her review.

The Hearing Examiner may make a recommendation that the student be readmitted for the upcoming school year. The student may be readmitted by action of the Superintendent unless the School Board took the final action to expel the student. Under such circumstances, the student may be readmitted only by action of the board.

Use of Force

In the event a student is expelled for the knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, or the knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm, the expulsion shall be for a period not to exceed the remainder of the school year in which it took effect if the misconduct occurs during the first semester. If the expulsion takes place during the second semester, the expulsion may remain in effect for the first semester of the following year. Such action may be modified or terminated by the school district at any time during the expulsion period.
